Fifteenth Revision  
July 1989

## Preface

This revision of the Veterinary Services Animal Disease Thesaurus represents a continuing effort to delete unneeded terms, combine similar terms, and substitute or insert single words as they were suggested by coders, indexers and data bank users.

The rationale of the revision procedure is to preserve the general format, as derived from the 1971 Veterinary Subject Headings of the Commonwealth Agricultural Bureax (England), and expand the numbers of hierarchical trees, consistent with the Commonwealth Agricultural Bureau (CAB) Thesaurus (CAB, Farnham Royal, Slough SL2 3BN, England, 1983).

Virus nomenclature in this issue is consistent with recommendations of the International Committee on Taxonomy of Viruses (ICTV) adopted by the World Health Organization (WHO).

The Thesaurus was first developed to fill the need for terms with which to index the veterinary literature for rapid retrieval of specific information on animal diseases exotic to the United States. It was later expanded to accomodate the coding of information on brucellosis, tuberculosis, pseudorabies and other domestic diseases. This edition contains approximately 4,000 coded terms arranged in alphabetical and hierarchical sections.

The Animal Disease Thesaurus is continually revised, enriched, and updated with new concepts and scientific terms. Revisions are printed approximately annually. The user desiring additional information or updated copies of the thesaurus should contact:

Veterinary Services Data Bank  
EP, OPS, VS, APHIS, USDA  
Room 741, Federal Building  
Hyattsville, MD 20782

## HIERARCHICAL INDEX

	Page
Category 1      Chemistry, Biochemistry, and Physics	1
Category 2      Countries of the World	7
Category 3      Diseases	14
Category 4      Disease Agents	18
Category 5      Entomology	41
Category 6      Epizootiology and Epidemiology	50
Category 7      Immunology	62
Category 8      Pathology, Toxicology, and Anatomy	73
Category 9      Pharmacology and Therapeutics	84
Category 10     Physiology and Nutrition	95
Category 11     Prevention, Control, and Eradication	100
Category 12     Species Affected	106
Category 13     Techniques and Apparatus	114
Category 14     Zootechny	119
Category 15     Miscellaneous	120
